

Support PFRD Petition

Jan 23, 2024

Hello my name is Dustin Akers. I am a concerned citizen proposing an item for agenda for the Jan 25th city council meeting. I have created a petition to have chief Ron Lawrence resign from the Princeton fire department. The petition is in support of the Princeton fire department for unsafe working conditions. I have sent an email and text message informing the council members and the mayor. My item for this meeting is to present the petition to the city council board. As a concerned citizen and seeing what has gone on in the department. actions need to happen to keep our community safe! With the fire department possibly having to turn in there pagers do to unsafe equipment and a chief thats voted no confidence all play key factors in the safety of citizens lives and there own lives

Sincerely
Dustin akers
