

# Princeton Fire & Rescue Dept.

## Memorandum

**To:** Mayor Walker, City Council and City Administrator McPherson,

**Date:** 1/22/2024

**From:** Fire Chief Ron Lawrence

**Regarding: Retirement**

Mayor and Council,

After careful consideration, I have decided to retire from the Princeton Fire and Rescue Department effective March 1, 2024. It has been an honor to serve the PFRD for almost 29 years as a firefighter, Captain, Assistant Chief and Fire Chief.

I cannot thank the City Council, City Administrator and City department heads for the support and teamwork that they have provided me. I have seen the department and city grow throughout my years with PFRD. I have no doubt that the City will continue to grow into something fabulous.

It has been an honor to work with the citizens that we serve. I have had great conversations and interactions with the citizens and business owners and the support they have given me and the department has been second to none. I will miss these interactions greatly.

There are a great bunch of firefighters on the department. They are talented and dedicated firefighters. They will flourish into outstanding firefighters. I hope they continue to grow with the department and share their knowledge with incoming firefighters.

**Ron Lawrence**  
**Fire Chief**  
**Princeton Fire & Rescue Dept.**
