**FP 2024-205, Ph 200 Pharmacy Board Rules of Practice and Procedure
Summary of Comments on Initial Proposal with Board Responses
December 18, 2024**

Background

The NH Pharmacy Board is proposing to readopt Ph 200, Rules of Practice and Procedure, with amendments to make corrections to the rules and to incorporate additional provisions from Plc 200, practice and procedure of the Office of Licensure and Certification. As part of this, the waiver rules are being deleted because the incorporated Plc 200 rules contain waiver rules.

No stakeholders attended the public hearing held on November 20, 2024. No comments were received by the filing deadline of December 6, 2024. Written comments were received from OLS/Administrative Rules; those comments and responses thereto are below.

OLS Comments

Ph 201.01(c) re: rulemaking petitions

Comment: "**Unclear/Legis. Intent:** RSA 541-A:16, I(c) requires each agency to have rules "setting the format[] and procedures for submitting, **considering**, and disposing of rulemaking petitions under RSA 541-A:4". The wording here does not encompass all the statutory requirements for rules in RSA 541-A:16, I(c). Consider: "Rulemaking submissions, considerations, and dispositions of rulemaking petitions;", as that is the language used by the other boards when updating their 200 rules." (**Bold** in original.)

Response: This change has been made.
