MEMORANDUM

TO: Board of Commissioners

FROM: Shane Strum, President/Chief Executive Officer

DATE: January 31, 2024

SUBJECT: Request board approval for capital funding to expand parking capacity at the Broward Health Coral Springs campus.

BACKGROUND

Broward Health Coral Springs currently has a significant shortage of parking spaces. The rapid growth of our hospital over the past few years has created a critical need for additional parking spaces. With an increased number of patients, visitors, staff, and physicians, the current parking capacity has become insufficient, leading to congestion and inconvenience. Expanding the parking capacity at BHCS is not only a matter of convenience but is also a crucial aspect of ensuring that we provide care in the most efficient manner possible for the community. By providing ample parking spaces, we can enhance accessibility for patients in need of medical care and reduce the stress and delays associated with parking shortages. Expansion of parking will also support the hospital's continued growth and commitment to delivering quality healthcare services to the community.

ACTION/PROJECT DESCRIPTION

To expand parking capacity at the Broward Health Coral Springs campus.

FINANCIAL/BUDGETARY IMPACT

The total project cost is \$930,600 to expand an existing parking lot by approximately 94 spaces.

JUSTIFICATION

To provide additional parking for patients and visitors.

STAFF RECOMMENDATION

Therefore, it is requested that the Board of Commissioners of the North Broward Hospital District approve funding of \$930,600 to expand parking capacity at the Broward Health Coral Springs campus.
