

## ***PRINCETON EMERGENCY MANAGEMENT***

**To: Mayor Walker and Council**

**Date:** 06/18/2024

**From:** Emergency Management Director Ron Lawrence

**Regarding: Touchscreen Purchase**

With the fiscal year ending for our R.E.P. budget, the Emergency Management team has been looking at ways to improve our Emergency Operations Center (EOC) and Emergency Management trailer. We would like to purchase a new Touchscreen/Interactive TV for the EOC at the Public Safety Building for \$6500. This TV, with a built-in computer, is on a three-year subscription. At the end of three years, both the TV and computer would be replaced/updated with the newest technology.

The cost includes mounting the new touchscreen and remounting the old touchscreen in the incident command trailer.

Funds are available in the R.E.P. budget and the purchase has been approved by the R.E.P. program and therefore is an eligible R.E.R expense. The subscription is less expensive than purchasing a new TV outright and there is a discount for prepaying the full three-year subscription.

Attached is a copy of the quote and information on the touchscreen.

Please let me know if you have any questions. Thank you.

**Ron Lawrence**

**Emergency Management Director  
City of Princeton**
