<b>TOTAL</b>		<b>\$95,857.37</b>	<b>100.00 %</b>

**Weather Issues:** January we had some Snow/Ice but we didn't have to shut any runways down.

**Operational:** None

**Incidents:** In January, we had a Marine HMH-366 Helo with an engine sensor issue that required them to land at the closest airport and that was MRH. They determined that they needed to do an engine swap here on the ramp which lasted 6 days. We let them stay in the FBO at night, so they didn't have to stand guard outside in the cold the whole time. They flew in all the equipment and did the engine swap on the ramp.

February 13, we had the PC-12 crash down east but that didn't affect the airport operations.
