

City of Princeton, Splash Park

On behalf of the students at Princeton Primary and Princeton Intermediate Schools, we would like to extend a huge **THANK YOU** for your donation to our Read-a-Thon. This year we had 601 participants, read 176,853 minutes and raised \$18,488.14! These are the largest numbers to date and thanks to the donations we received, all of the children that participated received a prize!

The money raised will go back into our schools for costs of field trips, classroom supplies and activities, school needs, family fun nights and purchasing books for next year's Read-a-Thon with the continued goal that every child, regardless of participation, receives a free book. This year we were able to give out approximately 1800 books!

We truly thank you for your part in encouraging our children to read. We would not be able to make this Read-a-Thon happen without the community support we receive.

Our sincerest thank yous,

Princeton PTO
