Hi Michelle -

Public libraries across the state will be contacting their local city administrators to see if they would be willing to submit a letter to the Governor's Office regarding the Capital Projects Fund. According to federal program guidance, public libraries are eligible for this funding for construction/renovation facility projects, **if the state is willing to include libraries as a priority.** If you are willing to help us out with this effort, please copy and paste the attached letter into City of Princeton letterhead and send it to the following by May 13th:

TO: Governor Walz - [gov.contact@state.mn.us](mailto:gov.contact@state.mn.us)

CC: State Library Services - [hannah.Buckland@state.mn.us](mailto:hannah.Buckland@state.mn.us)

I think the attached letter explains the opportunity and why libraries are asking for the funding, but please let me know if you have any questions or concerns.

Thanks,

Carla Lydon, Executive Director
