

TITLE: Approval of the Statewide Strategies and Key Performance Indicators

RECOMMENDATION: Staff recommends that the Academic and Strategic Initiatives Committee approve the proposed statewide strategies and key performance indicators as it relates to the new strategic agenda.

PRESENTERS: Lee Nimocks, Vice President and Chief of Staff
Travis Muncie, Executive Director of Data and Research

BACKGROUND INFORMATION

The CPE is directed by KRS 164.020 to develop a statewide strategic agenda for the public postsecondary education system and revise it on a regular cycle. The agenda identifies statewide priorities and a vision for long-term economic growth by improving the education and skill levels of Kentucky's workforce. The agenda sets performance goals for students and institutions that reflect high expectations and standards, emphasizes continuous improvement, and supports technology-based solutions and innovative practices.

PREVIOUS ACTIONS/APPROVALS

The Vision Mission and Value Statements were approved at the July 13, 2021 meeting; the overarching goal, cross-cutting priority and five strategic priority areas were approved at the August 10, 2021 meeting; and the objectives were approved at the August 31, 2021 meeting.

STATEWIDE STRATEGIC STRATEGIES AND KEY PERFORMANCE INDICATORS (KPIs) FOR APPROVAL

There are a number of statewide strategies for each strategic objective, and KPIs associated with each priority area. See the attached framework document. The strategies and KPIs for approval are highlighted in light yellow.
