INFORMATION:

State law authorizes the governing boards of the four-year higher education institutions to establish tuition rates. Tuition rates for all student categories except resident undergraduates may increase or decrease without limit.

As noted in the September 2024 Board of Regents material, tuition rate proposals for Professional and Self-Sustaining Programs are being considered on a timeline separate from other rates.

The current full-time annual tuition rates for 2024-2025 are shown in the following table along with proposed changes for academic year 2025-2026. Tuition for the Elson S. Floyd College of Medicine is to be determined and will be brought forward to the Board of Regents for future action in January 2024 and for approval in March 2024.
