

STATE BOARD FOR COMMUNITY COLLEGES AND OCCUPATIONAL EDUCATION

February 9, 2022

TOPIC: Board Policy 16-30, Selection of Architectural/Engineering Consultants

PRESENTED BY: Mark Superka, VC Finance and Administration

RELATIONSHIP TO THE STRATEGIC PLAN: Redefine our value proposition through accessibility, affordability, quality, accountability, resource development, and operational excellence.

EXPLANATION:

As part of the effort by Legal Affairs to review and update all policies and procedures over a five year period of time, BP 16-30 was reviewed. The intent of BP 16-30 is for colleges to select highly qualified architectural consultants of superior standing and requires presidents to establish an Architectural Selection Advisory committee with a specified membership.

Since the time of the last adoption of this BP in 2001, the Office of the State Architect has promulgated standardized and rigorous processes and procedures to assure highly qualified Architects and Engineers are selected. All of our colleges are required to follow these processes as well as related state fiscal and procurement rules. As a result, the language in BP 16-30 is no longer necessary and staff is recommending the Board repeal BP 16-30 in its entirety.

RECOMMENDATION: CCCS Staff recommends the Board repeal BP 16-30.
