

MONTHLY ASSESSMENT OFFICE REPORT
December 11, 2023 – County Services Committee

The Assessment Office has been very busy since Publication and mailing of Change of Assessment Notices on November 22, 2023. Notices were mailed to all quadrennial reassessment township parcels and any other parcel that had a change to their assessment other than the township factor applied.

The deadline to Appeal to the Board of Review is December 22, 2023 and we will begin preparing for the Board of Review to meet in January.

As we discussed last month, the GIS web portal on the new server launched in November and Sami has been communicating with Vendors working on getting some of the links redirected but overall it was a very smooth transition. Sami was finally able to take vacation time and has been out of the office. He is due back on December 11th.

Respectfully submitted,

Jennifer Boyd, CIAO
Chief County Assessment Officer/
GIS Supervisor
