

FINANCE DIRECTOR REPORT

Reporting Period: April 2020

Prepared By: Stephanie Mandregan

Date: April 13, 2020

The Department has implemented mandated changes due to Covid-19 for the safety of our employees and to ensure that they can remain working for now. We've had to keep up to date on quickly changing guidelines and requirements for ourselves as an employer, and for our employees as well.

We've applied changes to utilities procedures to reduce the need for customers to come to City Hall, and also implemented changes to the way we do business with customers.

Because this virus is unprecedented, there have been numerous video and teleconferences with staff, other online entities, organizations such as AGFOA, FEMA, regarding changes to literally everything we do on a daily basis.

Some of our planned projects have been delayed because of the pandemic.

Our audit is currently in progress, it is being done double remotely as our auditors are working from home.
