
MEMORANDUM

TO: Mayor & City Council
FROM: Mary Lou DeWitt, Comm. Dev. Zoning Specialist
SUBJECT: Rezoning PID #24-032-1100 to remove the portion of D-1, Airport Zoning and have the full property be zoned R-3, Multiple Family Residential District, and amend the Future Land Use Map from Park & Open Space to High Density Residential (FINAL READING)

DATE: May 31st, 2023

Background:

The City of Princeton, in 2018, adopted a new Airport Master Plan. This Plan removed the crosswind runway from future development plans of the airport. The City's Airport Ordinance, adopted in 1978, reflects two runways. The City held a Joint Planning Board meeting with Mille Lacs County, Sherburne County, Baldwin Township, Blue Hill Township, Greenbush Township, and Princeton Township on April 10th, 2023 for the Public Hearing. The approval of the Airport Zoning Ordinance Amendment has been sent to the State for final approval.

Analysis:

With the removal of the crosswind runway, the parcel sections that had the Airport overlay on them will no longer be impacted by the provisions of the crosswind runway. The final step is to remove the D-1, Airport Zoning designation from the Zoning Map and Future Land Use Map. There is a total of four property sites the Airport Zoning designation will be removed from. Each property site will have its own public hearing and Resolution. The four sites are PID's #24-032-2200, #24-032-1100, #24-032-3202, and #24-032-0800.

The property site of #24-032-1100 is owned by the City of Princeton. This property site is currently zoned R-3, Multiple Family Residential and D-1 Airport. The full property will be designated R-3 Residential Zoning with the Rezoning Amendment. The Future Land Use Map has the site designated as Park & Open Space and will be amended to High Density Residential.

Amendment Review Standards:

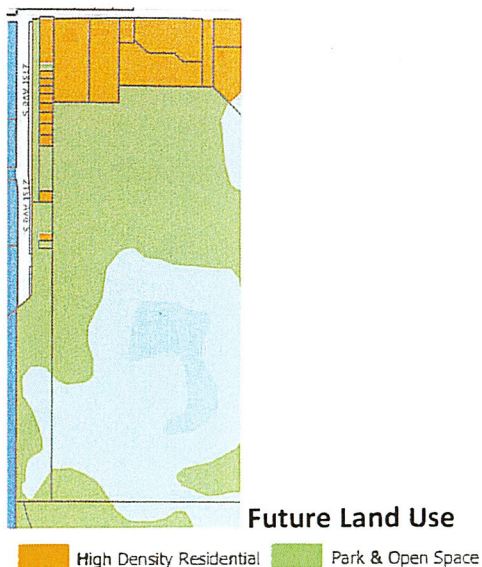

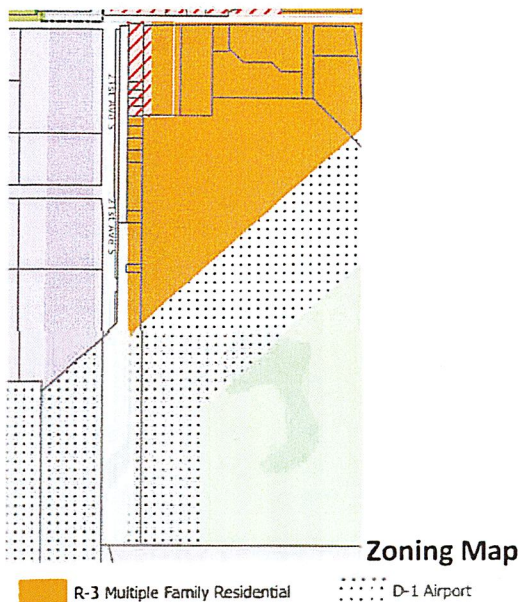

The Zoning Ordinance does not outline specific factors upon which a proposed amendment should be considered; therefore, staff is providing the following factors, which are common review standards from other ordinances;

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the official City Comprehensive Plan.
2. The proposed use is or will be compatible with present and future land uses of the area.
3. The proposed use conforms with all performance standards contained in this code.

4. The proposed use can be accommodated with existing public services and will not overburden the city's service capacity.
5. Traffic generation by the proposed use is within capabilities of streets serving the property.

Conclusion / Recommendation:

The City Council held the first reading on May 25th, 2023 for the rezoning of the property site, PID #24-032-1100 the removal D-1, Airport Zoning designation area and have the full property zoned R-3, Multiple Family Residential and amend the Future Land Use Map from Park & Open Space to High Density Residential. Staff recommendation is approval of Ordinance #834 and Resolution #23-35.
