## Memorandum

**To:** Mayor Schmuacher and City Council

**Date:** 07/07/2020

**From:** Fire Chief Ron Lawrence

**Regarding: Relief Association Retirement Committee**

Mayor and Council,

Last year when we discussed raising the retirement level of the firefighter's relief association, it was mentioned that we have a committee made up of firefighters, council members, and city staff. It is getting to that time of year again when it will be brought forward from the firefighters to look at raising the retirement level.

I am looking for guidance from the council as to who would like to participate on this committee. I have Adam Cook (Relief President), Chad Heitschmidt (firefighter) and myself from the fire dept. willing to participate on this committee. I would also recommend that Administrator Barbian and Finance Director Jackson be on the committee.

I will be available for questions or comments. Thank you.
