

August 1, 2023

Mr. Fabian Lobera, Chairman
Wyoming Workforce Development Council
5221 Yellowstone Rd
Cheyenne, WY 82002

Dear Chairman Lobera,

Attracting healthcare professionals is a significant need in Eastern Wyoming. Our companies are committed to working with Goshen Economic Development and Eastern Wyoming College (EWC) within the format of the Next Generation Sector Partnership.

Building a stronger organizational structure will help maintain these planning efforts and implement the strategies identified by our sector. Grant funds for capacity building would greatly enhance the sustainability of this regional partnership by improving communication and coordination of efforts.

We are committed to this cooperative effort and meeting quarterly to provide input for understanding the skill needs required for identified in-demand occupations and for fostering growth in this important economic sector.

Your favorable consideration of this proposal is greatly appreciated.

Sincerely,

Zack Miller, CEO
Banner Community Hospital, Torrington
Platte County Memorial Hospital, Wheatland

Essie McCall, LMFT
VP of Behavioral Health
Volunteers of America Northern Rockies

Dr. Britt Marsh
Platte River Family Dentistry, Torrington
