

# Princeton Fire & Rescue Dept.

## Memorandum

**To:** Mayor Walker and City Council

**Date:** 05/02/20023

**From:** Fire Chief Ron Lawrence

**Regarding:** Firefighter Promotions

Probationary firefighters Matt Johnson and Hunter Beck have completed all of their training required to move forward to a regular firefighter status. The executive Board does not see any reason why these two firefighters should not be promoted. I am asking for council approval to swear in Matt and Hunter to regular firefighter status.

I am also seeking council approval to move Tony Brunn and Taylor Snow from the hiring process to the probationary status. During this time, they will be completing their required firefighter training.

I will be present for any questions. Thank you.
