Subject: 938F trans Estimate

Austin

Here is the estimate to recondition the trans in your 938F

Troubleshoot transmission \$417

Remove and install transmission \$5860

Recondition transmission before failure \$12495

Estimated extras \$6000

This is a typical Trans recondition this is not worst case or best case. Extras are estimated and can't be known until the transmission is disassembled and inspected. It is rare that extras exceed \$6000 on these transmissions especially when the filter and mag screen is relatively clean.

Thanks

Todd Henson
