

**Board of Trustees**  
Hagerstown Community College  
11400 Robinwood Drive  
Hagerstown, Maryland 21742-6590

**ACTION**

---

Subject: BPI Project Upgrade

Date: January 12, 2023

---

**BACKGROUND:**

The college issued a bid in early December to install a Bipolar Ionization System (BPI) – air purification processing system – to be installed in the Career Programs Building (CPB) and the Administration of Student Affairs Building (ASA). After reviewing bids for the BPI, the selection committee recommends Enginuity. Enginuity has worked with HCC in the past and has a good reputation.

**RECOMMENDATION:**

That the Board approves Enginuity with their bid of \$148,495 for the installation of a BPI system in the Career Programs Building and the Administration of Student Affairs Building.
